Dear Commissioner,

I have been informed that you will have the opportunity to vote on the Downed Animal Act. This is Docket # 98P-0151/CP1. I am for the Act and think it will be a great change for the American public. Recently in my English class, we read Upton Sinclair's book The Jungle, and were made aware of the conditions in the meat packing industry. It is a shame that today with all we know about contracting diseases from bad meat that our government is still considering processing "downed meat." Please vote for the Downed Animal Act.

Sincerely,

Stefanie Scholl
